

NEW PRODUCT ANNOUNCEMENT

ThermaBuilt® Doors From Matthews Millwork

Attic Access Door and Panel

New Product—ThermaHatch®. Designed for ceiling access applications with an attractive flush ceiling look. The units are available in multiple sizes including truss applications with 20-inch clearance. Units come complete and ready to install – the only thing required is to insert the unit into either the drop-down stair rough opening or a scuttle door rough opening.

Advantages

- Easy installation
- Fully Encapsulated Slab – Full 5 year warranty
- Better R-Value than drop-down stair units
- Attic Access Panel is design to fit between truss.
- Meets requirements for the ENERGY STAR® Thermal Enclosure System Rater Checklist, Item 5.3.2 for qualified homes (R-10).

Proudly Made In The USA

Available sizes:

22.5 X 54 (hinged) 25.5 X 54 (hinged) 22 X 32 (scuttle)
